Emerging technologies in Birobidzhan!  
The city has become the most prominent  
among all the cities ~~in Russia~~. For further  
information read the text below.

First of all, a huge number of wireless  
hotspots have occurred on the streets. It  
~~basically~~ means that you have access to  
the internet regardless of your ~~to~~ location  
in the city.

~~1st~~ Second of all, ~~as we all know~~, computers  
and their (software) has become ~~entirely~~

~~2nd~~ ~~obsolete~~. Now ~~citizens~~<sup>people</sup> are provided with new  
advances in technology called "Mac robots".  
Both citizens and tourists are ~~provided~~  
accompanied by those brand-new robots  
every time they venture out. Also, internet  
connection now is integrated into the robots  
so they substitute ~~phones and computers~~ gadgets.

~~3rd~~ ~~Gr.~~ Also, the city has more sightseers than  
it used to have. For example, a night club  
called "Dusky dawn" now ~~conducts~~ throws  
the best parties in the world. But the old  
sightseers are nurtured as well, such as  
the house of local culture and Philharmony.  
The food that people consume hasn't really  
changed. Everyone is craving for meat  
~~and vegetables~~ as they always have been.  
A Our city is flourishing so citizens work  
just ~~just~~ two days a week. Teenagers  
don't study at school any more due to a

pill that allows you to learn everything  
~~Gr.~~ after being taken. People now are always glued  
to their screens and rarely spend their

free time venturing into unknown ~~unkno~~  
places or hanging out with their friends but  
they like to travel by special rapid  
vehicles which deliver them to a destination  
in no time. Tourists can be accommodated in  
special self-catering hotels if they want.
