## ANSWER SHEET

ID number

2 - 4 5

Advantages of modern life.

Nowadays, we have much more opportunities in my hometown than we had 50 years ago

Technology Efficiency.

Nearly everything have been computerised. Schools, factories, hospitals and other working places use the latest computer software which allows doing more things in less time.

Transport.

The part of our lives where we've integrated technologies mostly is transport. No old buses or cars anymore. There is a new form of vehicle available for everyone - the Teleport which takes you from place to place in several seconds. 50 years ago Scientists couldn't even imagine that we would be able to use this vehicle. ~~They~~

Education

With the help of modern technology, we can be fully educated in only 8 years, not in 15 years or more how we used to. School and university programmes' efficiency has been improved

Modern meals.

In 2070 we also don't need to spend much money on food or drinks. We've learnt how to make a smaller product with the same or higher nutritional characteristics.

The manufacturing process is a computers' work now, so the amount of food we get is bigger and the price is smaller.

New life.

With the help of science and technology, we can spend our free time in more enjoyable way. and we also have more free time than we used to have 50 years ago. Everything just became its own better form and our lives became their own better form of ones we had<sup>had</sup> in 2020.
